The following list is those Secret Service reports which are still withheld. It comes from the list sent me by the Archives long ago, revised in accordance with the latest declassifications.

It is possible that the various lists of entire CD's withheld includes some SS reports; this list may cover only SS CD's which were withheld only in part. I haven't checked that.

CD	SS #	Guidelines
87	206	3B (I have this report - 2 pp.) - attached
	334	"
	336	"
	427	"
	453	"
	578	"
320	675	"
	711	3A
	737	3A; 3C
498	193	1; 3B

Added January 9:

I have gone over the list of entire CD's withheld, and indicated the agency of origin. There are only 3 which are SS, to wit

CD	Guidelines
795	3B, 3C
853	1, 3B, 3C
945	3A, 3B, 3C,

Also, note that although CD 780 did not come from the SS, the enclosure (which is withheld) relates to an interview by an SS agent.
